MOBILE TREE

MOBILE TREE FOR CITY SURVEILLANCE

- Quick deployment - by a single technician in 20 minutes without lifting more than 15 kg.
- 4.5 meters high, providing a clear view of the surrounding area.
- Rapid response: Enables law enforcement to quickly respond to potential threats or incidents.
- Anti-climb protection
- Once installed: total weight of 350 kg.
- Designed to be durable, weather-resistant, and vandal-resistant.

CAMERA TRAILER

- Ideal solution when response time is critical.
- Fully operational within less than 10 minutes of arrival.
- Can be equipped with batteries, fuel cell, or a generator for long-term autonomous operation.
- Customizable camera type to match existing camera network functionalities

CUSTOM MADE

Our custom-made mobile camera solutions offer several benefits to law enforcement agencies

- Team of experts collaborates with each client
- Custom solutions tailored to unique requirements
- Invest time to understand each organization
